

# Kensington/Windsor Terrace CSA 2010 GARDEN OF EVE ORGANIC FARM CSA SIGNUP FORM

**Pick up for this CSA is at the East Fourth Street Community Garden.**

(located between Caton Ave and Fort Hamilton Parkway, Brooklyn)

**2010 SEASON:** 24 weeks, for all shares except flowers, which will be 20 weeks (ends on October 30).

Begins Saturday, June 12<sup>th</sup> and ends Saturday, November 21st (weekend before Thanksgiving)

**Half-shares** will get assigned **A or B week** and come for a "full" pickup, every other week. Those assigned "A" week will start their pickups the first day, i.e., Saturday, June 12th, and come every other week after that through the entire season. Those assigned "B" week shares will start pickups the second week, i.e., Saturday, June 19th, and come every other week after that through the entire season. If you have a preference, please indicate it on the sign-up form.

**2010 SHARE TYPES:**

Once again we will offer full and half shares of organic vegetables, organic flowers, non-organic local fruit, and free-range pastured eggs fed organic feed. Half shares are just slightly more than half the price of a full share.

**EGG SHARE NOTE:** A full share of eggs is ½ dozen every week – if you would like one dozen every week, you can purchase 2 full egg shares. In order to get one dozen, every other week, you can purchase 2 half shares and indicate on the form that you'd like to pick them up the same week.

**2010 SHARE PRICES:** Share prices do not include an administration fee that will be charged by the CSA coordinating group, which is separate from the farm. The KWT CSA core group will collect your \$10 admin fee at your first pick-up.

**Member Agreement**

Members of the CSA will receive a weekly share consisting of approximately 7-12 items (shares will vary in size and weight depending on the time of the season). One aspect of CSA is that members support their farmer by sharing in the inherent risks of agriculture (poor weather, drought, crop failure, etc.) and the rewards (organic, exceptionally fresh vegetables, the bounty of a good season, etc.) involved in farming. CSA farmers purposely plan for such contingencies; the farmers use growing techniques that protect the harvest to minimize the risk and optimize the rewards. On the whole members will get a wide variety of vegetables in plentiful amounts. I understand this principle and agree that there is no guarantee on the exact amount or type of produce I will receive in my share. By participating in the CSA, I am supporting the local farmer as well as more equitable food distribution, and I am helping to create a more environmentally and economically healthy society. By becoming a member, I agree to support the farm with timely payments. I commit to picking up my share(s) weekly and I understand that if I, or someone I designate, is unable to pick up my share(s), they cannot get saved. I also agree to **volunteer at distributions** approximately twice as required by my CSA location.
