

# WINTER SHARE 2008-2009 with Garden of Eve Organic Farm

## WHAT IS THE WINTER CSA SHARE?

Winter shares consist of a pre-boxed, once-a-month pickup from December through May of our own fresh organic field-grown and greenhouse-grown greens (the only place you will find fresh organic local greens mid-winter!), 2 dozen of our own farm-fresh eggs, and our own stored vegetables including:

- Potatoes (includes different kinds: fingerlings, red, white, blue, etc.)
- Sweet potatoes
- Winter squash (includes different kinds: delicata, butternut, acorn, spaghetti, etc.)
- Turnips
- Rutabaga
- Celery root

This year we are offering two different winter share options, which are the same price:

**“Garden of Eve” share** includes only produce and eggs grown at Garden of Eve. Vegetables are certified organic and eggs are from our hens that are pastured and fed organic feed. We can also give you a vegan share, without the eggs and with extra vegetables, on request.

**“Shopping Basket” share** will also include produce and eggs from Garden of Eve, but in smaller quantities, i.e. 10 lbs of vegetables instead of 20 lbs of vegetables. The remaining value will consist of New York State organic grain products (i.e. cereals), NYS organic dairy products (i.e. yogurt, possibly cheese) and non-organic NYS apples and juices.

## WHEN DO WE PICK IT UP?

The winter share will be a once-a-month pickup on one Saturday a month from December through May (Riverhead farm can also pick up on Sundays). Pickup dates for the entire season will be confirmed before the first pickup in December and posted on our website. They will not conflict with any holiday weekends. We will send email confirmations and reminders before each pickup date. *If you sign up now and discover that you can't make the specific dates we have chosen, you may withdraw from the program before the first pickup and receive a full refund.* No volunteer time will be required at pickups.

## WHAT ARE THE PICKUP LOCATIONS?

Winter share is available ONLY at the Riverhead Farm and in Williamsburg Brooklyn. We may consider additional sites in Brooklyn (Brooklyn Heights, Kensington) depending on the level of interest.

**Riverhead farm CSA** pickup will be self-service, you can pick up anytime during the day on Sat & Sun of the designated weekend.

**Williamsburg, Brooklyn CSA** pickup will be designated Saturdays at the Garden of Eve farmstand at the McCarren Park farmer's market, between 9am-12pm.

## HOW MUCH DOES IT COST?

The winter CSA will cost \$40 per month for six months, for a total of \$240. The value of produce over the season will be equal to or above the price, generally, although we ask for your understanding in case of some kind of unforeseen crisis, as with all CSA relationships.

## HOW DO I SIGN UP?

Winter shares can be purchased by sending a check for \$240 with your contact information (name, address, phone & email) and pickup location to:

**Garden of Eve, PO Box 216, Aquebogue NY 11931.**

We handle all winter share signups directly through the farm so questions should be directed to us at [farmer@gardenofevefarm.com](mailto:farmer@gardenofevefarm.com) or 631-523-6608, which is Eve's cell phone (please use sparingly).
